Dreaming of green spaces? Planning urban area?
With Vinea you can grow on walls, surfaces, roofs outdoors or even indoors flowers, spices, fruits and vegetables, of any size you want even an entire wall or surface.
See your walls or surfaces come alive!

Concerned about ecology and sustainability?
Creating urban gardening solutions, creative and quality. By returning the nature our close environment, thereby reducing the ecological footprint.
Vinea reduces the ecological footprint
Each basic module contains four flowerpots.

The size of each flowerpot is $90 \times 90$ mm.

The size of each complete basic module is $400 \times 125$ mm.

Vinea living wall, is a modular system of flowerpots for vertical assembly on walls, both inside and outside the home.
Vinea living wall

How Does It Work?

The Vinea system is easily installed on any type of surface. The basic module can be installed on any surface and can be extended both vertically and horizontally.
Clever irrigation system

Irrigation is achieved by simply connecting the irrigation pipe to the upper body and the water will flow to all flower pots.

PH meter

Automatic temperature compensation

✓ The measurement range is 0.00-14.0 PH
✓ Resolution 0.01 pH
✓ Fine degree of pH 0.01 mm
✓ Automatic temperature compensation 0 °C to 55 °C
✓ Electric source 3 x 1.5 v (AG - 13 button cell)
✓ Using the environment 0 ~ 50 °C RH < 95%

Form-factor 29 x 152 x 15 mm
TDS&EC meter

**Measure Range**
- Conductivity: 0-9999 us/cm
- TDS: 0-9999 ppm
- Celsius: 0.1-80.0 °C
- Fahrenheit: 32.0-176.0 °F
Why Choose Vinea?

- Reduces radiation
- Improves thermal insulation
- Contributes and improves air quality
- Reduces surrounding noise levels
- It is modular and easily modified
- Quick pot replacement for modifying the decorative pattern
The Vinea system is easily installed on any type of surface.

The basic module can be installed on any surface and can be extended both vertically and horizontally.

With Vinea, you can grow herbs, flowers, vegetables and even fruit right on your balcony wall, or even inside your home.
